the Williams Aquatic Center**

FWAC's Long-Term Vision for Williams Aquatic Center

The William Aquatic Center, over time, could be a place:

1. That is accessible and meets the community needs.
2. Where multiple programs are held at the same time.
3. Where programs are offered for all age groups and swimming abilities.
4. Where people are educated about the life long benefits of year-round aquatics.
5. Where people can become life long swimmers starting at a very young age or any age.
6. Where water safety practices are taught and promoted.
7. Where people of all ages can come together, socialize, and be comfortable.
8. Where people of all economic levels have frequent access to the aquatic center.
9. That is always improving the aquatic experiences by collaborating with others for new ideas.
10. Seen not as a financial burden, but as an important city asset to the community.

All of the above can become a reality over time with your consistent help and support by attending and/or sponsoring our annual golf tournament.
